PEACE BUILDERS

Justice Rising Ambassador Program

Justice Rising exists to transform places of war through education by building schools, training teachers, and developing community leaders.

As a Peace Builder, you would be joining a community of passionate youth ambassadors working together to bring change to war zones through education.

FUNDRAISE & TAKE ACTION

Host a fundraiser or letter campaign to support students and schools just like you in the Congo.

ACTION DAY!

Every September, participate in our Ambassador Action Day as students in the Congo go back to school! Whether it's hosting a mini-fundraiser to support students or posting on social media, use this day to get everyone excited about the impact schools are making in the Congo!

VOLUNTEER

Participate in opportunities like volunteering for our annual galas in Los Angeles and New York!

**Volunteer opportunities currently limited due to COVID-19*

RAISE AWARENESS

Spread the word about Justice Rising and the impact of education in war zones to your family and friends, on social media, and in your local communities.

COMMUNITY

Learn basic French with fellow ambassadors and contribute to the Hope Blog - a collection of stories from JR Ambassadors and students in the Congo.
